

Dear friends-

Many of you have known me and my family for years. We are now in our 21st year in Manassas.

For those who don't know me, let me introduce myself. I was elected to the City Council in 2008. My wife (Amy) and I own Air Distributing Company (ADCO) a local HVAC firm that many of you use. Thanks VERY much for that! Amy is the Artistic Director and driving force behind Manassas Ballet Theatre. I help her as the volunteer Executive Director. We had two children both of whom graduated from Osbourn High School; Collin who we lost in Iraq and Cece who is at George Mason University.

It is now time for the bi-annual Manassas political season to begin. The GOP convention is on Saturday, January 20th, 9am at Metz Middle School.

I have decided to run for re-election so that I can continue my efforts to make Manassas a "Best Place to Live."

To me that translates into a fiscally conservative government that is willing to make investments in our community that will help keep the tax burden off of the residents while improving the quality of life.

It means a top notch public school system that attracts businesses and residents who are revenue positive.

It means good services and efficient government.

It means a common sense approach to our issues.

I do not aspire to higher office. My sole reason for serving is to help make Manassas a best place to live.

To do this I need your help. I face some very tough competition at the convention. For over 20 years, a few dozen folks at this convention have effectively decided who will make the decisions for Manassas. Your participation is important. It requires an investment of two or three hours on a Saturday morning. But to participate, to have a voice, you MUST be a registered delegate.

To become a delegate just complete the enclosed form. Then please mail to back to me or drop me a call/email and I'll come by and pick it up. The deadline for delegate registration is January 20th.

It does not cost you anything to participate but may very well cost you (and our community) if you don't. And please don't be shy about sharing this information with others who care about our community like we do.

Thanks very much for your support!
